HAVING THE RIGHT FAN
FOR THE RIGHT AMBIENCE
IS ABSOLUTELY ESSENTIAL

Being an integral part of GM, I can assure you of its high quality standards and its dedication to serve you. GM's newest products in the category of fans such as Excel 35, Odyssey, Embassy, Orisys and more have a profound potential of fully augmenting your living experiences. I, therefore, insist on making the elite choice in technological innovations for your cherished homes and empower you to relish the luxury it concludes.

INTRODUCTION

From humble beginnings, to becoming the largest producer of switches in India, and a market leader in home electrical accessories, GM has come a long way. Starting with the switches, moving on to automation, progressively towards LEDs, we have consistently granted our customers the experience of a luxurious smart home. However, our journey of dreams to reality doesn't end here.

With the introduction of GM fans, we have extended convenience as complementary with exhilarating freshness. GM fans not only promise advanced utility, but also deliver superior aesthetics. After thorough research in design and material and studying about the concerns and the requirements of a larger audience, we have finely crafted GM fans to deliver a wholesome experience.

GM fans not only soothe the senses, but they also comfort the environment. Although we create products that are sustainable, we strongly believe in the power of recycling. Furthermore, we use local materials of superior standards to support small businesses and uplift communities. Thus, by shared efforts we create innovative products of high quality that garner high demands and great appreciation.

A STATE OF UTMOST TRANQUILLITY

A constant flow of good vibes and freshness is what makes living truly comfortable. With sleek exteriors, powerful motor with high-grade copper for high-speed air delivery and efficiency, it is always going to be a good time with the AirDeco-400 ceiling fan! The additional designer trims add elegance to the fan further complementing your home.

Giving you our best

GM has been extending innovative technology and luxury experiences for more than two decades. Our years of experience and expertise provide invaluable benefits to our production facility in Mumbai as well as to those working in close co-operation with our global suppliers. It is of vital importance to us that we only work with suppliers that share our commitment to high quality. That is why our association has always been with talented, creative designers who have a responsible attitude towards design. And that is why we carefully select our suppliers so that we can work closely with them and supervise the whole production affair.

To achieve a perfect balance between carefully selected raw materials, beautiful design, functionality and good value is our moto. Every little piece, detail, line and material has been meticulously considered to ensure that the end result will work wonders in your home.

The entire GM product range catalogue can be found online on our website www.gmmodule.com.

You can follow GM on Facebook, Twitter, Instagram, You Tube and LinkedIn.
